Dear WGRC Members & Life Members,

RE: South-East/Gippsland Regional Club Governance Model Proposal
Creating stronger and sustainable greyhound racing Clubs for South-East Victoria

The Club and other key stakeholders have been exploring options for a stronger and sustainable Club governance model.

GRV, Greyhound Clubs Victoria, as well as potential participating Clubs, are now in a position to present the attached brochure which provides an overview of a proposed South-East/Gippsland Regional Club Governance Model.

The South-East/Gippsland Regional Model is a proposed forward-thinking initiative focused on strengthening and growing sustainable greyhound racing clubs in the South-East/Gippsland Region of Victoria.

This proposal will be the first-of-its-kind partnership between the clubs of Warragul, Traralgon, and Cranbourne, the proposed South-East/Gippsland Regional Model will have an enhanced club governance structure, which will improve efficiency and effectiveness by drawing on the strengths and resources of these three prominent clubs.

If endorsed by stakeholders and members, the South-East/Gippsland Regional Model is proposed to be implemented in early 2024. Adapting to the ever-changing greyhound industry, it will establish a new standard of governance excellence and growth in the South-East/Gippsland region.

Your feedback is essential in shaping the development of the proposal. If you have any questions or feedback, please don't hesitate to get in touch via email communications@gcv.org.au

We value your input and look forward to hearing from you.

Yours sincerely,

Tony Mitchell
General Manager
